Rutherford

Marine

A MEMBER OF THE *Hudaco* GROUP

The company was established by AE Rutherford at 90 Bree Street, Cape Town, in 1912.

MARINE SUPPLY

Everything You Need To Boat!

With a wide range of marine supplies to inspire you, our marine portfolio has everything you need to start boating.

Leaders in marine supply since 1912, Rutherford Marine continues to serve as a primary source of marine product and ensures that we offer a comprehensive range to meet the demands and standards of the modern marine industry.

EFFICIENT PROCESSES

Our Delivery To You

Most of the marine products showcased in this catalogue are stocked in our own warehousing facilities around the country.

The main depot – the largest of its kind in South Africa, is based in Germiston - Gauteng. Our modern logistics and delivery network will ensure that your marine order is delivered ex-stock where you need it and when you need it.

OUR PROMISE TO YOU:

Great Products. Superb Quality. Outstanding Service

When you fill your retail stores and or finish your boats with our products, you do so with style and confidence. Our quality products are backed by industry leading warranties and all our products adhere to international quality and safety standards and also to stringent South African requirements.

Our competitive product pricing will ensure you as a dealer, ample profit opportunity for your retail store.

IT'S BRANDED

In One Sense, Perhaps The Most Important Sense, A Brand Is A Promise

Rutherford Marine only stocks and supplies branded products suited for application in the marine industry, sourced directly from manufactures all over the world.

We are proudly associated with the top brands the industry has to offer.

SERVICES

- Regional sales offices
- A knowledgeable sales force
- Product quality guaranteed
- Massive product range
- Extensive stock holding
- National delivery
- Local and International product sourcing
- Product Technical support team
- Product technical training

PAYMENT

- We accept:
- All major credit cards
 - EFT/ Internet payments
 - Cash
 - A 30 day account facility (subject to successful credit approval)

WARRANTY

Rutherford Marine warrants all goods in this catalogue for a period as stated per manufacturer's conditions.

Our simple and speedy warranty procedure will ensure your customer satisfaction

Quickare Fuel Treatment

J7

Part No.
92-8M0079743 - 355ml
92-8M0058680 - 946ml

Quickleen Engine Fuel System Cleaner

J8

Quickly and thoroughly remove carbon deposits from carburetors and injectors, Intake valves, spark plugs, piston crowns and cylinder heads. Prevent engine knocking and piston seize-up. Extend spark plug life.

Part No.
92-8M0079744 - 355ml
92-8M0058681 - 946ml

Quickstor - Fuel Stabiliser

K1

Prevent regular and ethanol blended fuel from breaking down and oxidizing. Keep fuel fresh for up to a year. Prevent fuel system corrosion.

Prevent gum and varnish from forming in the fuel and settling in fuel lines and tanks, carburettors and injectors. Keep injectors and carburettors lubricated.

Part No.

92-8M0079745 - 355ml
92-8M0058682 - 946ml

HYDRAULIC STEERING

OBKIT5 Front Mount System

A1

(Turns Ho/Ho 4.5) - 216 FM Cylinder. This cylinder is capable of handling single engine installations up to 300HP or multiple engine installations up to 600HP. It requires a small amount of tolerance (615mm).

Dimension: 737.50 full RAM end stroke length. Each complete kit contains Hydrive hydraulic fluid; 2 x brass fittings, 1 x 12m length of hydraulic tubing, 1 x plastic bleed bottle, 1 x Hydrive Helm and a Hydrive Ram.

Part No.
A24-4006

Prokit Compact Front Mount System

A2

(Turns Ho/Ho 4) (Bull Horn)

For small inboard vessels, jet units and outboards up to twin 150HP CXL or 235 HP single. The complete PROKIT is the ideal choice using the 212BH cylinder. Each complete kit contains Hydrive hydraulic fluid, 2 x brass fitting, 1 x 12m length of hydraulic tubing, 1 x plastic bleed bottle, 1 x Hydrive Helm and a Hydrive Bull Horn Ram (19" - 492mm).

Part No.
A24-4007

Obkit1 Front Mount System

A3

(Turns Ho/Ho 5) (Bull Horn) - 211 BH

It is capable of handling single and multiple engine installations (up to 1200HP). Requires only a small amount of clearance (615mm).

Each complete kit contains Hydrive hydraulic fluid; 2 x brass fittings, 1 x 12m length of hydraulic tubing, 1 x plastic bleed bottle, 1 x Hydrive Helm and a Hydrive Bull Horn Ram (26" = 660mm).

Part No.
A24-4008 - Std

Sportkit Compact Side Mount System

A4

(Turns Ho/Ho 3) For small inboard vessels, jet units and outboards up to twin 150HP CSL or 235HP single. The complete SPORTKIT is the ideal choice using the 212T Sport cylinder. Giving direct control for most boats up to 8 metres, this cylinder is made from the finest anodised aluminium and stainless steel.

Part No.
A244009

Obkit3 Side Mount System

A5

(Turns Ho/Ho 5) The side mount 210TSE (unbalanced) can handle the same horsepower as the power Bull Horn cylinder (up to 225 HP CXL), but it is simpler and cheaper to install. The only restriction to fitting them is the side clearance requirements in the engine well.

Part No.
A24-4010

COMKIT-1 Bullhorn O/B Kit

A6

Seafirst Hydraulic Steering

G1

Front Help Pump 18cc, front mount outboard cylinder up to 100HP

Hydraulic oil 1 liter x 2 bottles hydraulic hose 1/4, 6 meters x 2 pcs, help pump fittings, help pump hardware kit

Part No.
A24-M0100H-18

Seafirst Hydraulic Steering

G2

Front Help Pump 18cc, front mount outboard cylinder up to 150HP

Hydraulic oil 1 liter x 2 bottles hydraulic hose 1/4, 6 meters x 2 pcs, help pump fittings, help pump hardware kit

Part No.
A24-M0150H-R1-18

Seafirst Hydraulic Steering

G3

Front Help Pump 25cc, front mount outboard cylinder up to 350HP

Hydraulic oil 1 liter x 2 bottles hydraulic hose 1/4, 6 meters x 2 pcs, help pump fittings, help pump hardware kit

Part No.
A24-M0350H-R1-30

Seafirst Hydraulic Steering

G4

Front Help Pump 25cc, front mount outboard cylinder up to 350HP

Hydraulic oil 1 liter x 2 bottles hydraulic hose 1/4, 6 meters x 2 pcs, help pump fittings, help pump hardware kit.

Twin Single Cyl up to 600HP

Part No.
A24-M0350HT1-R1-2

Seafirst Hydraulic Steering

G5

Front Help Pump 25cc, front mount outboard cylinder up to 350HP

Hydraulic oil 1 liter x 2 bottles hydraulic hose 1/4, 6 meters x 2 pcs, help pump fittings, help pump hardware kit.

Twin Dual Cyl up to 700HP

Part No.
A24-M0350HT2-R1-2

NOTES

STEERING WHEELS

S/S Steering Wheel with finger grips and knob A1

Part No.
A28-73066-01 - dia: 13 - 1/2" 3/4" shaft
A28-73066-02 - dia: 15 - 1/2" 3/4" shaft

Corse B/S Steering Wheel A2

This wheel is a great value with soft grip and great looks. This Steering Wheel is a three-spoke design with a soft black grip and silver spokes.

Wheel Dia.: 13.8" (350mm)
 Standard .75" (19mm) taper

Part No.
67-892762A01/ A28-9018 - Black Centre

QS 3-Spoke Steering Wheel / Steering Wheel Hub A3

This wheel is great value with soft grip and great looks. This steering Wheel is a three-spoke design with a black grip and black spokes. Thermoplastic antishock material.

Wheel Dia.:
 13.8" (350mm)
 Standard .75" (19mm) taper

Part No.
67-892762A05/ A28-9020

S/S Steering Wheel AISI 304 5 Spoke A4

Wheel Dia.:
 15"

Part No.

LUBRICANTS AND PERFOMANCE OILS

TC - W3 Premium plus Blend

A1

Premium Plus Blend is the most advanced oil yet formulated for conventional 2-Stroke outboard engines.

Part No.

92-824856A5 - (5L) NB: Mandatory for DFI (Optimax Engines)

Optimax / DFI Oil with Synthetic Additive

A2

Increases lubricity, minimises carbon deposits and reduces smoke, protecting your engine at all times

Part No.

92-858037QB1 - 4L
92-858038QB1 - 10L

25W50 Synthetic Verado Oil 4 Litre

A3

* Decanted when available

Part No.

92-858084QE1
* 92-858119 - 5L

25W40 4-Cycle Synthetic Blend

A4

* Decanted when available

It provides advanced protection not offered by conventional automotive oils. For use in all MerCruiser, Sterndrive, and FourStroke engines. Provides superior friction, wear and engine corrosion protection.

Part No.

92-8M0086226
92-8M0086227
* 92-8M0086625-5L - 5 Litre

25W40 Inboard & Sterndrive 4-Cycle Engine Oil

A5

If used regularly, it will reduce engine wear and corrosion, protect bearings from chemical attack, keep pistons clean, prevent rings from sticking and inhibit rust and sludge deposits. Meets API Service SG/CD specifications.

Part No.

92-8M0086223 - 1 Litre
92-8M0086224 - 4 Litre

15W40 Diesel Engine Oil

A6

This multigrade SAE 15W - 40 diesel engine oil has been formulated to meet heavy duty requirements and to combat sludge and varnish formation.

Part No.

92-8M0096794

25W40 Synthetic Blend 4-Stroke Outboard Oil

A7

Recommended oil for use in Mercury's newest Verado engine. Recommended oil in all Mercury FourStroke engines. Designed, qualified and tested by Mercury engineering.

Part No.

92-8M0086226 - 1 Litre
92-8M0086227 - 4 Litre

10W30 FourStroke Outboard Oil

A8

Helps reduce wear, scuffing and scoring, prevent the formation of rust and sludge and inhibit the formation of unwanted, damaging foam.

Part No.

92-8M006220 - 1 Litre
92-8M006221 - 4 Litre

25W 50 Verado Synthetic Oil 1L

Custom-Fit Mercury Motor Covers

Q2

The official Mercury logo is displayed in brilliant white against a sleek black background. These covers protect and fit far better than typical universal hoods...plus they show your Mercury pride on the road.

Note: Construction and shape of cover may vary due to different engine styles.

NAVIGATION OPTIMIZATION

When it comes to attaining optimal navigation performance and safety, there are two things to take into consideration the assimilation of magnetic and electronic data, and the compass selection process. Each plays a critical role in getting you where you need to go safely and efficiently.

Assimilating Magnetic and Electronic Navigation Data

Even with the onset of electronic navigation, the compass is still the cornerstone of any navigation system. To achieve optimal safety and efficiency, it is necessary to coordinate the use of both electronic and magnetic navigation.

Using GPS Data and Compass Data Together

A GPS is a great tool when used in combination with your compass. It informs you of your boat's position, using data from multiple satellites. The GPS computer will store that data and use it to calculate both the speed and direction in which your boat has been traveling. But this information says nothing of the real-time heading of your boat. Wind, current, boat speed, and boat characteristics can all create a discrepancy between what's really happening and what a GPS indicates. And that's where a Ritchie compass can help you out.

Benefits of Real-time Navigation Data

A captain needs real-time heading information to navigate properly. And when it's correctly installed and compensated, a compass will provide that information, no matter the time or speed, under any circumstances - including a power outage. You can depend on a compass to maintain a consistent course while you're underway, which greatly affects fuel consumption, time of travel and ease of steering. If you rely exclusively on a GPS, you'll not only be compromising performance, but safety as well.

Compass Selection and Installation

On many boats, dashboard and cockpit space are taken up largely by other marine instrumentation and electronics. As a result, captains of both sail and powerboats are relying on compasses that are either too small or incorrectly positioned or mounted. This may seem like a minor detail, but it is actually vital to boating safety, performance and efficient navigation. When you select a compass, you should always consider size, readability of the card, and the design of your boat.

MAGNETIC NAVIGATION OVERVIEW

While you may have a grasp on the importance of a compass, if you're like most people, you probably aren't too sure how it works or how you might need to adjust it. But before you have one installed, it's necessary to have a basic knowledge of the inner workings of your compass.

How a Compass Works

Think of the Earth as having a powerful magnetic bar near its center. The compass needle consists of small, lightweight magnets balanced on a nearly frictionless pivot point. The concept behind a compass is that when that magnet is suspended in the Earth's magnetic field, it will align itself parallel to the force of that field, and thus establish a direction.

The Difference Between True North and Magnetic North

Since the Earth's magnetic properties are not uniformly distributed, its magnetic poles are not in the same locations as the geographic poles that you are familiar with. There are two magnetic poles, one in the northern hemisphere (over 600 miles from the North geographic pole) and one in the southern hemisphere (nearly 1500 miles from the South geographic pole). Your compass will not point to the geographic, or true, North - which can be determined by using the compass rose on your paper chart. Nor will it provide the correct direction to the North magnetic pole. But what it will do is give you a reliable, consistent direction, which will remain constant over a period of several years.

Compass Adjustments

Before using your compass, it is important to understand the factors that affect its performance. That way, you can make appropriate adjustments before getting underway.

DESCRIPTION	QUANTITY				
	B	C	D	E	R
Capsize Bottle with lanyard the width of the boat attached to contain the following	1	1	1	1	
UN-expired approved Red / Orange Hand Held Distress Flares	4	2	2	1	
UN-expired approved Red Rocket Parachute Flares or sets	4	2	2	1	
UN-expired approved Orange Smoke Floating Marker	1	1	1		
Space Blankets	2	2	2	2	
Waterproof Torch, Batteries & Spare Globe (for night operations)	1	1	1	1	
Handheld 12v Spotlight with own battery (for night operations)	1	1	1		
One Lt of Drinking Water per person					
Approved First Aid Kit with cross on green background on container	1	1	1	1	1
Approved Life Jacket or Life Vest per person on board LEVEL 150					1
Suitable Magnetic Compass, which bearings can be taken	1	1	1		
Suitable Magnetic Compass, which bearings can be taken (Hand Held)	1	1	1	1	
Fire Extinguisher, one per engine. Dry Powder 1.5kg dated & serviced	2	2	2	1	1
Capsize Rope suitable for the type of craft	1	1	1	1	1
Sea Anchor rigged for surf launching with trip rope ready to use	1	1	1	1	
Anchor, proper patented, suitable for operating area	1	1	1	1	1
100m - (50m for Category E) Suitable Anchor Rope	1	1	1	1	1
Suitable Chain not less than 3m in length for boats under 6m (5m for more than 6m)	1	1	1	1	1
Bow Eye and Stern Eye	1	1	1		
Anchor Ballard	1	1	1		
Suitable Scuppers	2	2	2		
Petrol Tanks must be UN-approved in accordance with SAMSA regulations (Jerry Can)					
Spares (adequate for carrying out emergency repairs machinery incl. fuses & spark plugs)				1	1
Tools (as above i.e. for the purpose)				1	1
Inflatable to have Air-Bellows and Repair Kit				1	1
All equipment to be marked with Boat Registration Number					
Boat trailer must be marked, with owner's name, boat registration & contact numbers					
Emergency Steering	1	1	1	1	1
Identify Sheet (red, orange or yellow)	1	1	1	1	
Navigation Lights (for night operations)					
Bucket (bailing device)				1	1
Code Flag 'V' or 'N' & 'C'				1	
Mirror, Knife and Sound Signaling Device (operating to the west of Port Alfred)				1	
Radar Reflector					
Depth-sounding device or Hand Lead Line (Dive boats only)					
Grab Line to outside of Gunwales (Dive boats only)					
Suitable Paddles or Oars				2	1
Battery & Fuel tank to be in separate compartments					
Buoyancy, whether foam or bottles (Provide Certificate)					
Copy of COF & COC Certificate (Provide Certificate)					1
Red Flag				1	1
VHF Radio with Antenna MSI Number & SRC					

CATEGORY INDEX

- Category B** - Commercial and Pleasure Vessels - operating less than 40 nautical miles from shore.
- Category C** - Commercial and Pleasure Vessels - operating less than 15 nautical miles from shore.
- Category D** - Commercial and Pleasure Vessels - operating less than 5 nautical miles from shore.
(that are not passenger vessels - (more than 12 passengers)
- Category E** - Commercial and Pleasure Vessels - operating less than 1 nautical miles from shore.
(that are not passenger vessels - (more than 12 passengers)
- Category R** - Commercial and Pleasure Vessels - operating solely in sheltered waters.
(that are not passenger vessels - (more than 12 passengers)
